## Awards • Trophies • Theme Basket Raffles

The HH Foundation in partnership with the Haywood County Health and Human Services Agency and Haywood Regional Medical Center are raising funds for breast cancer detection. All proceeds benefit the Power of Pink which has provided over 1,800 mammograms and follow-up procedures to over 950 women and men in Haywood County since 2007. Help us fight breast cancer by celebrating and remembering those individuals who have battled this disease by supporting and participating in this event held during breast cancer awareness month. All funds remain in Haywood County.

Great opportunity to walk/run in honor/memory of someone
